WORK EXPERIENCE

Shore Capital Partners, Chicago, IL June 2020 – August 2020

Incoming Private Equity Summer Analyst

- Will support the analysis of potential transactions, participate in portfolio operations, and conduct due diligence and deal sourcing activities for middle market private equity healthcare firm

Chicago Venture Partners, Chicago, IL January 2020 – March 2020

Winter Investment Analyst

- Completed due diligence for more than 20 early-stage companies across various industries by examining recent financing, operating performance, and other public market information
- Created slide decks providing financial and qualitative overviews of target companies that were presented to Managing Partner during investing strategy discussions as part of deal process
- Researched 50+ competitor funds, upcoming conferences, and trends in firm's areas of focus

Kellogg School of Management, Evanston, IL June 2019 – September 2019

M&A Capstone Research Assistant

- Worked with Director of Kellogg's Heizer Center for Private Equity and Venture Capital to design a brand-new M&A simulation capstone course taken by 120+ EMBA students in Fall 2019
- Assisted in the valuation of simulated manufacturers, analyzed market risks and growth opportunities, and compiled database of private equity and family office portfolio strategies to determine which companies should form the foundation of the acquisition simulation
- Built and projected out income statements, balance sheets, and cash flow statements in Excel for 4 hypothetical seller and buyer firms to be utilized by Kellogg students in the newly created course

LEADERSHIP

Northwestern Business Review, Evanston, IL November 2018 – Present

Staff Writer

- Contributed to on-campus dialogue as member of one of the nation's only undergraduate business journals
- Interviewed Forbes 30 Under 30 startup founder exploring the launch of a social enterprise focused on reducing the effects of climate variability on small farmers in developing nations
- Covered on-campus Women In Computing event along with deep-dive of systematic disparities in STEM fields and ways to advance inclusion

Students Consulting for Nonprofit Organizations, Evanston, IL November 2018 – Present

Team Lead

- Managed 10-week project targeted towards returning a local nonprofit's senior adults services division to eventual profitability from existing annual deficit by improving service offerings and donation structure
- Collaborated closely with client and team members to investigate similar organizations' revenue mixes, services, partnerships, and business models
- Organized and coordinated team meetings, client contact, and presentation of 50 page deliverable to executive panel
